WELCOME

Welcome to the 12th annual Disabilities Expo! We are so happy to bring this event back after two years of off.

This day has been planned just for you with more than 120 exhibitors to make this a one-stop resource for all types of disability services and products. We hope that you find what you need, and even more importantly, discover new

resources to enhance your quality of life. The Expo is also filled with fun and entertaining events, spectacular adaptive sports exhibitions and special guests making a difference in the disability world.

Helping you explore opportunities, expand possibilities and experience everything is what the Disabilities Expo is all about. Spend a few hours or the entire day...we're glad you are here!

You will notice that our logo has changed! We have decided that our previous logo and branding showcased outdated ideas. The lowercase 'dis' with all uppercase 'ABILITIES,' while harmless, missed the mark of our intended message. The Disabilities Expo is more than sharing resources; it is a celebration of people with disabilities in our community.

AWS Foundation is pleased to host the 2023 Disabilities Expo, the only event of its kind in the tri-state area. Our mission is to help children and adults with enduring intellectual, developmental, and physical disabilities live as independently as possible, be included in the community and function at their highest potential. Since our grant making began in 2009, the Foundation has awarded grants totaling over \$38 million to more than 185 northeast Indiana organizations working with individuals with disabilities and their families.

We extend a very special thanks to these sponsors and partners:

All Day Activities at the Expo

Find what you need from local, regional and national companies representing a wide range of services and products with the knowledge and resources to enhance your quality of life — for every ability at every age and stage of life.

Game Center

We have jumbo checkers, ringtoss, shuffleboard, and more! We've worked to adapt the games to your needs. Be sure to also stop at the the YMCA and Pure Abilities booths right next to the game center for even more fun!

Collaborative Art Project

Come make your mark on the Expo! We've got markers, stamps, and shapes (to trace) and adaptive tools to ensure that everyone can participate. Whether you're an artist and want to create something in your own style, or just want to sign your name, everyone is welcome.

Art Exhibit and Sale

Experience art in its various forms, styles and subject matter. It is all on display with many pieces for sale showcasing the artistic talents of individuals with disabilities in Northeast Indiana.

Photography Partnership Project Exhibit

It is said that a picture speaks 1,000 words. These images not only speak, they create emotion. The people in these exhibit photos show that individuals living with disabilities are strong, confident, successful and, most of all, happy. Portraits of individuals with disabilities, photographed by University of Saint Francis visual arts students, will capture Expo-goers' hearts.

Free Hearing Screenings

GiveHear is giving free hearing screenings all day. They are located in the alcove next to the concession stand.

Door Prizes

We've put together some great items that you have a chance to win. There's no purchase necessary, all we ask is that you fill out a survey. Good luck!

In the Art Center

Curated By:

Regional Special Arts Exhibit and Sale

Don't miss this opportunity to enjoy and shop these wonderful, artistic creations.

Photography Partnership Project Exhibit

Portraits of individuals with disabilities, photographed by University of Saint Francis visual arts students, will capture Expo-goers' hearts and provide a glimpse into what makes the subject matter so special. We express our thanks and appreciation to Professor Cara Wade and the visual art students for capturing these images.

Disabilities Expo Sticker Collection

This year we've started something new; stickers! Each year we will hire an artist with a disability to design a sticker for the Expo. It will always have "Disabilities Expo" with the year, but everything else will be up to the chosen artist. The stickers are our free gift to all of our attendees. The idea is to collect them each year to commemorate this annual celebration of disability. Check out about this year's sticker artist below:

Garrett is a 20-year-old Huntington ABLE student that loves to create. What he most likes about himself is that he is good at drawing. His favorite thing to do in the community is go out to eat with his friends, and his parents and therapist are who support him the most. Garrett works at Pizza Hut and does the dishes and sometimes makes the pizza. To him, disability means that you can't do certain things and his greatest daily challenge is trying to not worry about having a relationship.

Garrett

Guest Performances

Jesters

Founded in 1979, the University of Saint Francis Jesters provides multi-disciplinary performing arts opportunities to people with intellectual/developmental disabilities (I/DD), ages 8-senior citizens. The Jesters program features a summer exploration, a core academic year program with an original culminating performance and guest artist residencies. In 2017, the Jesters presented artists from Second City Theatre Chicago who taught workshops on improvisational skills to people with I/DD. During 2018, the Jesters has launched a new integrated improv group comprised of people with and without disabilities. This year's lecture-demonstration will feature improv games presented by people with I/DD who are part of this new performing group.

Dazzlers Cheerleading Squad

The Whitley County Dazzlers Cheerleading Squad is in their 12th season with nearly 30 team members. This year the team performed in Orlando and spent a day at Disney enjoying each other. It's fun and friendship with a little exercise thrown in for a great show of spirit.

Joyful Songsters

Joyful Songsters is a community choir open to all teens and adults with no audition required. The program is designed to provide an integrated choral experience for individuals with disabilities, senior citizens, and other teens and adults living in Huntington County. Choir members promote a sense of community involvement within their group and throughout the community while participating in high quality music learning and performance. They are currently accepting new singers with or without disabilities. Participation is free.

Kendra Lee - "This is How I Roll"

I was told that I would never amount to anything and I wouldn't be able to graduate with my brothers this went on since middle school all the way up to my senior year of high school but little did they know I would not take no for an answer I graduated with my high school diploma and now I am in college studying Human Services to become a community advocate for individuals with a disability.

The reason behind me wanting to become a community advocate for individuals with the disability it's because throughout my life I've had to fight every single day for everything I've ever gotten I know that it's exhausting trying to prove yourself every single day that you're more than your disability I want to be able to share my experiences with individuals and let them know that we are not alone.

My passion project/ my brand is roll with life I started this when I was 16 simply because my brothers had the passion for wheelchair basketball and I wanted to do something that created that same passion for myself. it's fully controlled by myself. The mission statement behind it is to empower individuals with a disability and to share awareness.

And more!

TO CULTIVATE & GROW THEIR FUTURES.**

Sports Center

Power Soccer

Power Soccer is played in power wheelchairs and is one of the most popular adaptive sports in the world. Even those with very limited physical abilities can participate and find great success. The game is played in a gymnasium on a regulation basketball court. Two teams of four players attack, defend, and spin-kick a 13-inch soccer ball. Turnstone has offered power soccer since 2006.

Athletes as young as 5 years old can participate in power soccer. Athletes' disabilities include quadriplegia, multiple sclerosis, muscular dystrophy, cerebral palsy, and others.

Turnstone offers power soccer competitively and recreationally. Competitive power soccer practices once per week at Turnstone and travels for competitions. Competitions are on weekends at home or travel to games throughout the Midwest. The power soccer season runs from September through June and culminates in a national tournament. Recreational power soccer practices and plays at Turnstone learning the fundamentals of power soccer.

United States Power Soccer Association (USPSA) is the governing body of power soccer in the United States. To find out more information or watch videos, go to the USPSA website - <https://www.powersoccerusa.org/>

Boccia

In boccia, a set of balls is thrown or rolled onto a court by opposing players, getting as close as possible to a target ball. Players can strategically knock opponents' balls away from the target ball. In adaptive boccia, a ramp can be used to propel the ball, and someone can be used to assist with lining up to ramp during games.

Participants should be at least 12 years old and have the ability to either propel a boccia ball with their hand or foot or utilize a ramp to aim and propel the ball onto the court.

Competitive boccia is open to persons described as quadriplegic with cerebral palsy, traumatic brain injury, stroke survivors, OR persons who have conditions of a non-cerebral origin that affect all four limbs (such as high spinal cord injury, muscular dystrophy, arthrogryposis, MS, or ALS). For recreational purposes, Turnstone allows individuals with other physical disabilities to qualify for this program.

While participating at Turnstone, boccia participants can expect to learn the history and rules of the game, learn the skills and techniques needed to play boccia, enjoy opportunities to play recreationally or

competitively, have opportunities to network with other people with physical disabilities, and engage in a fun and challenging sport.

Boccia is a Paralympic sport in which is trying to grow and prepare for the 2028 Los Angeles Games.

For more information or to sign up for the program, contact Kevin Hughes, Manager of Sports, at kevin@turnstone.org or (260) 483-2100 ext. 296.

Embracing differences. Empowering people.

NEW WAVE WELLNESS

Hope in Motion

Melissa Fisher, MS/MDiv
Owner/Operator

Erica Pearson, MS
Owner/Operator

Who We Are

New Wave Wellness is owned and operated by Erica Pearson and Melissa Fisher. Erica and Melissa have over 40 combined years of experience in Indiana Medicaid Waiver experience, serving people with developmental disabilities. Erica and Melissa are passionate about providing quality individualized services to those in need. It is New Wave's belief that every individual deserves to have the opportunity to live a full and meaningful life.

Counties We Serve

ADAMS, ALLEN, BACKFORD, CASS, CLINTON,
DEKALB, DELEWARE, GRANT, HAMILTON,
HUNTINGTON, LAGRANGE, LAKE MARION, MIAMI
NOBLE, PORTER, TIPPECANOE, WABASH, WELLS,
AND WHITLEY

Our Services

Behavior Management

Effective behavioral management requires teaching a new skill/appropriate behavior to replace an inappropriate behavior. Assessments and Behavior Support Plans are completed to target problem behaviors and provide our team with methods to support the individual by teaching more appropriate alternative behaviors.

Music Therapy

The clinical and evidence based use of music interventions to accomplish individualized goals within a therapeutic relationship by a credentialed professional . Music therapy interventions are designed to: promote wellness, manage stress, alleviate pain, express feelings, enhance memory, improve communication, and promote physical rehabilitation

Recreational Therapy

CTRS are part of a multi-disciplinary treatment team, assessing clients/patients, developing individualized treatment plans, applying a variety of recreation and leisure oriented interventions, and helping clients/patients make a successful transition back to their homes and community.
